FUNCTIONAL BALANCE PROGRAM: STAYING UPRIGHT IN A CHANGING WORLD In our everyday world we change positions, change directions, change postures. We move ourselves forward, backward, sideways, and turn. And we depend on our balance to keep it all successful. Because our challenges range from activities of daily living through sports performance training, it's important for everyone to train dynamic, functional, movement-based balance as part of an overall strategy for becoming strong, moving well, and staying safe. This 8-week progressive program will give you an opportunity to enhance your dynamic balance in ways that are appropriate for you. Using a variety of movement-based exercises, simple pieces of equipment, and progressive programming, you will challenge your balance and condition your body in a fun and safe environment. By the end of the 8 weeks, you should find your dynamic balance and general conditioning has improved, you will better understand the systems in our bodies that affect balance, plus you will have a toolbox of exercises to continue at home.

PILATES – Beginners The Pilates Method teaches body awareness and control as the basis for all movement. The Beginner Mat class teaches strong, safe movements to incorporate into all your daily activities and sports. You will strengthen your core abdominals and learn how to use them to alleviate and avoid back pain. The Beginner class focuses on the Pilates Basic Mat routine by learning each move in depth to progressively build your core strength. By the end of the term you will have learned the full Basic Mat routine, how to balance on the fitness ball, body awareness and control, and most of all, you will have improved your core strength! No experience necessary.

M/W (Beginner) 4:00 - 5:00 pm Alumni Gym MP Room 182 Naomi Thorngren

Enrollment: Minimum: 8 Maximum: 30

PILATES – Applied Pilates Controlled movements: stabilizing a set of muscle groups while mobilizing another group. This is Pilates! Stabilization before mobilization minimizes injuries, makes impossible moves possible, while bringing a deep understanding of how to use your core effectively for daily life routines and exercises. We always start the term by learning the 5 basic principles of Pilates. Then we build all the exercises based upon those principles. By the end of the term you will understand how to move your body in the most effective and safe way. We will be working with many different apparatus from stretch bands to balance balls and weights. The results could include: being able to move your body on a simple mat in a way that you never thought you could, applying your knowledge about your body and movements to your favorite sport to improve performance, avoiding possible injuries in daily life and relieving (or sometimes eliminating) pain from past injuries.

*Although this is an intermediate class, we will spend the first 2 weeks with slow and seemingly easy moves. But please be patient! The class will quickly progress to an intermediate and advanced level.

T/TH (Intermediate) 4:30 - 5:30 pm Alumni Gym Manley 086 Maryam Paydarfar
Cost: Students-\$76 / Grad Student & Domestic Partner \$86 / Dartmouth College & DHMC Employees-\$112 / Public-\$139
